

LIGHTING KITS

Weldon is now offering LIGHTING KITS specifically designed for the bus and commercial vehicle markets. Their LEDs replace most incandescent and halogen lamps making it easy to upgrade the vehicle. These LIGHTING KITS provide all the necessary parts to make the retrofit simple and hassle-free.

LIGHTING KIT FEATURES:

- ***DOT (FMVSS 108) Compliant***
- ***Long life***
- ***Unsurpassed light output***
- ***Sealed lamps, no moisture or dirt issues***
- ***Superior visibility in poor weather conditions***
- ***Instant-on lighting***
- ***Low amp draw***
- ***LEDs are rated for 100,000 hours of service***
- ***Virtually maintenance free***
